VCDU Prince Hotel, Mont., Blvd., Butuan City							- Well elaborated but we want immediate answers or solutions to these challenges, it's not that we are also the one who will propose solutions. - EPS and PSDS should give functional TA using Clinical, Conceptual, Developmental, Contextual and Differentiated Supervision but as the need arises. - There should be activities in the sessions so that the participants can grasp the ideas presented. - More discussions and examples on the different styles of leadership such as concept, context and etc. - All the sessions presented were significant for me because the topics discussed were all relevant as an instructional leader.

*The average rating for sessions and facilitators in ALL venues and batches in your region

Major Observations/Findings (include venue/s of training, and batch number):

- The facilitator is a good speaker; she conveys her ideas clearly.
- The session was discussed with clear localized samples.

- The session clearly lays down how to assist the school heads in order to ensure that learning takes place in the classroom and that instructions are improved.
- The facilitator has the commendable knowledge about the topic. Thanks to all the facilitators.
- Instructional supervision is meant to guide, to assist, and to share ideas towards improvement of instruction.

Major Observations/Findings (include venue/s of training, and batch number):

- There should be no participants to sleep on the floor, so difficult to get up.
- If possible a venue where we can safely park our cars.
- Everything was done in an excellent manner. Congratulations!
- There should be a regular meeting of Instructional Leaders trained in this ILPDDS to discuss best experiences.

Top three (3) responses based on participant feedback in Program Evaluation for all training venues and batches:

- This training program offered the most sufficient learning concepts, ideas, sharing, collaboration and role modelling of speakers and facilitators for me to bring home and make applications.
- The training program is very much important, it is all that a leader should undergo in order to improve performances and see the great value of people and the should be work attitude. For the love and care for our school children. Thank you.
- Enough time for discussions, more open ended questions to help participants to share their insights and realities.

5. RECOMMENDATIONS FOR FUTURE TRAINING PROGRAM:

- The 15 days could have been divided into 3 sets of 5 days each set instead of having 2 sets only to avoid the participants from exhaustion of too much and congested inputs with shorter breaks by then we can absorb more and enjoyed.
- Just minimize your activities and let the supervisors focus their main functions in the field. Teachers should be always in the classrooms and the supervisors be in their posts. Minimize trainings & seminars.
- Matrix of activities should be followed to have a sequential flow of understanding.

Mrs. Raquel B. Dela Cruz of Surigao del Norte suffer dizziness after the last session of Class Makatarungan on July 11, 2018, Day 1 of the training at around 5:10-5:30. The doctor's finding is Mrs. Dela Cruz probably failed to take her maintenance medicine, and maybe she was already not feeling well for quite sometimes and just ignoring it, for a much deeper blood clot has already occurred. The doctors also found no direct link of the head stroke to the activities of the training. Her family also added that she was already complaining of not feeling well prior to the training and still she constantly failed to take her medication.	DepEd Caraga Region	The Training Management Team headed by Dr. Dalin, accompanied by the nurses in attendance and close friends of Mrs. Dela Cruz decided to rush her to Santos Hospital. The team contacted her husband for consent of her immediate operation as recommended by the doctor for the CT scan indicated a blood clot in her brain. Dr. Dalin initiated raising of funds through contributions among facilitators and close friends for the operation and other hospital fees.	The operation was successful. - For the past 4 days a positive response and development happened. -According to the doctors she is responding well to the medication. -As of July 15, 2018, her husband reported that her wife clinched his hand although she still not fully awake.

Top three (3) responses based on participant feedback in Program Evaluation for all training venues and batches:

-My significant learning for this program includes insights highlighting the vital rules and responsibilities of supervisors for the fulfilment of our DepEd's organizational goal of providing the best and quality education for optimal learning of our 21st century learners.

-My roles and responsibilities were highlighted and defined which really opened my eyes to what should be done in order to come up with the desired results.

-As supervisor I should recognize stages of professional development and treat school heads and teachers as individuals.

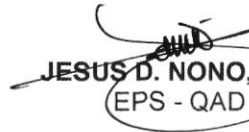

-My most significant learning is giving proper Technical Assistance to School Heads because this is the most important role as an Instructional leader to achieve quality instruction.

-This training made me realize my huge responsibility in the district; being a planner, organizer, leader, helper, evaluator, motivator, communicator, decision maker rolled into one.

5. RECOMMENDATIONS FOR FUTURE TRAINING PROGRAM:

- Contextualized video presentation. I believe we have schools, school managers that showcase exemplary performance related to the topics presented. It is time for us to showcase the performance of our Filipino school leaders.
- Fact sheets be distributed every end of the session.
- A more conducive venue for matured participants.
- This program should continue so that new and novice DDS will be guided with their works in the field.
- Shorter days but more time for some topics.

SIGNIFICANT LEARNING:

- The most significant learning the participants gained from the programme is that it helps to improve their teaching work.
- Contextualization is important to simplify teaching in all grade levels across our curriculum.
- Ang naging makabuluhan sa training na ito ay ang paggawa ng DLL na ginamitan ng contextualization ito'y naging mas malinaw sa tulong ng training na ito, ito ang paglalahad ng karamihan sa mga nagsipagdalo sa pagsasanay.

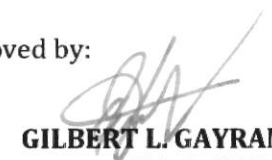

5. RECOMMENDATIONS FOR FUTURE TRAINING PROGRAM:

- All materials need for the training should be given on time or during the registration of the participants.
- The venue should have enough space to cater quite number of participants.
- The Program Management or the Program Owner should constantly supervise the cleanliness of the training venue's comfort room as part of the evaluation during the training.
