1. This refers to the conduct of the subject activity on November 14-16, 2018 to be held at National Educators Academy of the Philippines- Region II, Regional Government Center, Carig Sur, Tuguegarao City.
2. The IP Education (IPed) Program recognizes the equally crucial role of the Schools Governance and Operations Division (SGOD) of the division offices in institutionalizing the implementation of IP Education at the school and division levels. Community partnership mechanisms are in themselves, foundational in the long-term sustainability of the IP Education Program. Community partnership and baseline data gathering which are functions of the SGOD, are critical for effective program implementation, including curriculum contextualization. Thus, for effective implementation of the IPed Program, it is necessary that the SGOD is able to relate its mandates and functions with IPed implementation, in the process, specifying its contributions to realizing the objectives of the IPed Program in particular and inclusive education in general.
3. The subject activity has the following objectives:
 - a. Discuss the key articulations of IP communities on the ancestral domain and Indigenous Knowledge Systems and Practices (IKSPs)

- b. Analyze the implications of these key understandings on curriculum contextualization and education governance in the context of Indigenous Cultural Communities ICCs/IPs
 - c. Identify next steps in strengthening the responsiveness of the SGOD towards issues and concerns in IPed (e.g. partnership mechanisms, data on IP learners)
4. DepEd Participants to the activity are **Regional IPed Focal Persons of IPed implementing regions and Schools Governance and Operations Division (SGOD) Chiefs of IPed implementing divisions (see Attachment 1)**.
